HISTORY OF CHRIST THE KING SCHOOL

As far back as 1888, His Lordship, Bishop Gibney expressed his wish to have a Convent School erected in Beaconsfield, that might serve as a Chapel on Sundays, with an accompanying residence for the three teaching nuns who would staff the school on weekdays.

For a time, the immense work involved with building the new church of St Patrick at Fremantle, prevented his dream from becoming a reality. Over a period of four years the Catholic people of Beaconsfield worked together with the Oblate Fathers to raise funds necessary for the establishment of their own Church/School. They knew the task would be a long and difficult one, as the cost of the building alone would be six hundred pounds, not taking into account the costs for furnishings, equipment, an altar and so on.

After many months of preparation, they began a series of highly successful Bazaars and Concerts at the Fremantle Town Hall. The results exceeded all expectations, and with additional contributions from various sources, work commenced on the construction of a weatherboard building on the corner of Lefroy Road and Livingstone Street.

On a hot January day in 1903, two Sisters from the religious order of St Joseph of the Apparition, Sister Camillus and Sister Alacoque, walked from Fremantle, along a dusty road to Beaconsfield, to set up classes in the new weatherboard building. They had an enrolment of 75 students.

Within a few weeks, this number had grown to 150. The original group of four sisters of the order of St Joseph of the Apparition had arrived in Fremantle in 1855, to take up education and missionary work. This was just one year before the death of their Foundress, Emilie de Vialar. In those early years they took up teaching positions in Parry Street, Fremantle and Victoria Avenue, North Fremantle.

From 1903 through to 1934 the weatherboard building in Beaconsfield served as a school on weekdays, and as a Church on Sundays. The main building ran from West to East, with a verandah on the North side. At one end was a Sanctuary, equipped with an altar, which was separated from the school by a curtain. At the other end was a raised platform, which was used for concerts and public displays. A folding partition divided the Infants School from the Mixed School. There were twenty-six wooden desks, long and solid, made especially at Glendalough Industrial School. Running at right angles to the building was the Convent, with suitable accommodation for the small group of teaching sisters.

When Father John Ryan was given charge of the Beaconsfield District, the site for a new Church was levelled and work was started on the building. The completed Church, costing four thousand pounds was blessed and opened by Archbishop Prendiville on January 3rd 1937.

The people of Beaconsfield were justifiably proud of their new Church, dedicated to Christ the King. The site, once a quarry, was a truly superb one. The graceful lines of the Church could be seen far out to sea. The building was worthy of such a commanding site, and the high purpose to which it was intended.

There was no doubt that this building was the culmination of much sacrifice and generosity on the part of the people of Beaconsfield, the Oblate Fathers and of course, Father Ryan, whose combined efforts helped to bring this task to completion.

In November 1953, the first section of our brick/tile school, as we knew it, was blessed and opened by Archbishop Prendiville. There were three classrooms. By 1969, enrolment had grown to 265 students, and there were four teaching nuns, with an additional lay teacher, Mrs Olga Drane.

That same year, Father Edward Donovan, SMA, was appointed Parish Priest and continued until his retirement after his Golden Jubilee in 1994. Father Liam Keating, SMA, joined us in 1981 and is now Parish Priest. Father Michael Evans, SMA, assists him. Both Father Keating and Father Evans play a vital part in the religious life of the school.
Today, from that day in January 1903, we can proudly say we’ve been part of Catholic Education in this State for a very large part of the time since it first started in W.A.

Throughout its history, Christ the King School has provided a positive educational and spiritual environment in which children have developed their academic and physical potential, as well as a loving relationship with God and their fellow students.

In April 1997, the school relocated from the Lefroy Road site to York Street Beaconsfield, and from 1999 has encompassed a Learning Centre for children with Special Needs.

COMMUNICATION

APPOINTMENTS
Parents are asked to talk directly to their child’s teacher if there are any questions regarding their child’s education. Appointments are necessary as teachers are on duty with the children from 8.25am – 3.15pm each day. Each teacher has their own voicemail number and email address which teachers will give to parents at the Parent Teacher Meeting at the beginning of the year.

For all general enquiries, please contact the school office.

WRITTEN COMMUNICATION
Written communication to classroom teacher or the office should be sealed in an envelope and addressed to the person concerned. This includes money and permission for excursions/incursions.

SCHOOL NEWSLETTER
An electronic school Newsletter is issued fortnightly on a Thursday by the school Principal. It is the major means of communication to parents. Only urgent notices will be issued at other times. The newsletter is published every second Thursday and is emailed through to parents, please ensure that the school office has accurate information re: email contact. The school newsletter is also placed on the School’s web site, www.ctk.wa.edu.au

The Newsletter will contain information from other members of the school community. It will be used by the School Board, the Parents’ and Friends’ Association, the Uniform Shop and the Canteen to communicate with parents.

Please ensure you read Newsletters carefully. Good communication between home and school is important.

CtK APP
Christ the King School has a school App (Connected) which we request parents to download in order to be kept up to date with activities within the school. Information on how to download this is available in the Communication section of the school website.

HOME/SCHOOL
In keeping with the caring atmosphere encouraged by the school, parents are asked:
• To always notify the class teacher of any change from the normal routine, e.g. calling for students at lunchtime or during class time.
• To notify school office of change of address or telephone number.
• To notify the school if child/ren are to be collected by someone other than parents or those officially known to the school.
• If a child is to be taken from school for any reason – e.g., Doctor, Dentist appointment, etc., the parent/guardian must enter details in the “Early Departures” book at the office before going to the classroom. The office staff will then sign the completed slip for parent/guardian to present to the classroom teacher when collecting their child.
PARENT TEACHER CONTACT/STUDENT REPORTS

(1) Minor concerns regarding classroom practices, children’s progress or behaviour should be directed first to the classroom teacher before approaching the Assistant Principal.

(2) Parents are encouraged to maintain contact with teachers as ongoing Teacher/Parent communication is important for the benefit of the students.

(3) At the end of the second and fourth terms, reports are issued. An opportunity for a “report interview” with parents is offered.

(4) Parent / Teacher interviews are conducted at the end of term one to ensure parents are made aware of student progress.

(5) Student workbooks (Year 1 – 6) are sent home at the end of terms one, two and three. Information regarding this is located in the student diary. Learning Diaries (Kindy), Work Sample Folders (Pre-Primary) and Evidence Folders (Year 1-6) are also sent home.

STUDENT ABSENCES / EARLY DEPARTURES

Please ensure that if your child is going to be absent from school that you call the absentee line (9338 8759) and leave a message stating your child’s name and year level. If the school is not informed of a child being absent an SMS will be sent to the parents.

Whenever a student is absent a written explanation from the parent must be presented to the teacher on the day of return to school. Parents are able to complete an online absence form in replacement of a written note, these are accessible via the school website or the App.

If a child is late to school (after 8.45am), parents must complete the ‘red’ slip from the late arrivals book at the school reception. This slip will then be given to the classroom teacher.

No child may leave the school grounds during school hours without a parent completing a yellow slip from the Early Departure Book at School Reception and handing it to the classroom teacher.
Christ the King School Code of Conduct

All members of the community should be aware of the Code of Conduct Policy which is highlighted below. For copies of the full policy please refer to the school website www.ctk.wa.edu.au

Purpose

The purpose of the Code of Conduct is to describe minimum standards of conduct in all behaviour and decision making to ensure the safety and well-being of students.

## VISITOR ENTRY PROTOCOLS

All staff members need to be aware of following the protocols when inviting visitors into the school.

- All people who come into the school that are 18 years of age or over are required to provide the school with their WWCC. This does not apply to parents.
- Any visitor that is coming into the school must sign in at the office and wear their visitors badge to identify them around the school.
- Any visitor coming into the school must be approved by the Principal or Assistant Principal. Once this approval is given the office staff must be informed of the date and time of their attendance.
- No ex-student or student from another school is permitted to complete community service requirements at Christ the King School. The only exception to this rule is for the child of a staff member, this staff member will then take responsibility for that child whilst they are on school grounds.
- Permission for students from other schools to complete 'Work Placements' at Christ the King School will only be granted when the request has come from their school not from the child or parent themselves.
- Once a visitor has been permitted to come into the school please ensure that you speak with them regarding confidentiality issues (especially when they are working with students) and appropriate dress standards where necessary.
- If the above conditions are not fulfilled the visitor will unfortunately not be permitted to come into the school.

These protocols can only be changed with the approval of the Principal or his/her delegate.
At Christ the King School we recognise that parents are the primary educators and caregivers of their children. We acknowledge and support the valuable role all parents play in this regard and appreciate the involvement of each and every parent in many diverse ways throughout the school.

Parents are invited and encouraged to help in the school with varying activities under the supervision of individual class teachers. Unfortunately towards the end of last term it came to the school's attention that some forms of inappropriate discussions were being conducted on and off the school grounds about students. It is for this reason that we are supplying all families with the information below about 'Parent Helper Conduct at Christ the King School'.

"The classroom teacher is responsible for the education, control and behaviour management of the children. The parent is a helper, working under his / her direction. The teacher is the professional and facilitates the learning. The school expects the parents to respect the teacher's expertise and maintain a professional attitude as they work alongside the teacher. The school stresses the importance of parents not being a source of 'gossip as to what happens inside and outside of the classrooms as on many occasions this can be taken out of context.

It is possible that whilst working as a parent helper you may become aware of information about a child or family which is confidential. This is a delicate matter that requires a great deal of tact on your part. Any conversation about children with parents is a breach of the school's confidence and has the potential to cause unnecessary grief and cause for concern. Even a comment such as: 'I heard your Jimmy reading yesterday and he reads really well', is inappropriate as others will wonder why you have not said that to them. It is important to treat anything you hear or see in school with regard to children or teachers as being not for public knowledge."

This is also a timely reminder that if you have any queries about your child's education you are asked to contact the classroom teacher in the first instance. It is inappropriate and unhelpful to talk to other parents about any issues that you may be experiencing about your child at Christ the King. If you have already discussed the issue with your teacher and you believe that further follow up is required, please contact the Assistant Principal. if you still require further clarification then you are able to make an appointment to see the Principal.

FEE COLLECTION POLICY

The collection and setting of school fees for Christ the King School is in keeping with CECWA policy and is seen by the Bishops of Western Australia as a necessary contribution by parents towards the costs of delivering a Catholic Education for their children.

Tuition fees, levies and other charges (e.g. excursions, camp fees, amenities and book hire) are considered to be school fees. These are set annually and announced to parents by the School Board at the Annual General Meeting and distributed to parents prior to the start of the school year. School fees may be paid annually, by term or by individual payment schedules. All accounts are to be paid in full before 31 October of every school year, unless alternative arrangements have been made.

Recipients of Social Welfare benefits (Health Care Card & Pension Card) are entitled to claim concession only on tuition fees. Parents experiencing financial difficulty are asked and encouraged to discuss their position with the School Fee Officer/Bursar and when necessary, the school Principal, in order to negotiate a repayment schedule. Where parents have ignored all reasonable attempts to negotiate a fee repayment strategy (Refer to ‘Procedure to be Adopted’ below) - the services of a recognised debt collection agency or solicitor will be engaged. Pastoral Care for school families is paramount in all decision making.

Confidentiality is assured in relation to the payment of school fees and the setting of any concession or repayment schedule. This is restricted to the Principal, School Fee Officer/Bursar.

Procedures to be adopted:

1) School Fee Accounts distributed with newsletter during Week 1 of each Term 1.
2) Fees payments are due by end of Week 3 of Term 1.
3) First Reminder School Fee Account distributed with newsletter during Week 5 of Term 1.
4) Second Reminder School Fee Account distributed with newsletter Week 7 of Term 1.
5) Third Reminder School Fee Account posted to parents during Week 9 of Term 1. This letter advises intent to proceed with legal action.

Where parents have ignored all reasonable attempts to negotiate a fee repayment strategy – the services of a recognised debt collection agency or solicitor will be engaged. The debt recovery cost, being 10% on fees collected, will be added to the outstanding fees.

A DIRECT DEBIT OPTION FOR PAYING FEES IS AVAILABLE AT NO EXTRA COST TO PARENTS. EFTPOS AND CREDIT CARD FACILITIES ARE ALSO AVAILABLE.
**CARE PROGRAM**

When students at Christ the King School demonstrate that they genuinely care for and respect everyone, either by acts of kindness, courtesy, respect, awareness of the environment or simply positive behaviour, there will be acknowledgment and celebration. Teachers at any time are able to award points to students, which are cumulative, both towards “Care” certificates and the team “Finbar Care Award”.

Care tickets are printed in faction colours. Each class is issued with ticket booklets and the duty bags contain booklets for playground distribution. A “Post-Box” is located inside the Library. When a student has gained 5 points they are eligible for a “Care” award.

**BEHAVIOUR MANAGEMENT**

**CO-OPERATIVE DISCIPLINE IN THE CLASSROOM**

In every classroom, teachers and students will work together to develop a code of conduct. A code of conduct brings together members of the class and sets a high standard for responsible behaviour.

Students at all levels are involved in the process of defining and developing their own code of conduct. Disruptive behaviour and irresponsible attitudes are unacceptable and destructive to a peaceful, safe and happy learning environment. Appropriate and inappropriate behaviours need to be identified and clarified.

Every student needs to be clear about which behaviours are acceptable and which are not. Once developed, the code of conduct will be consistently enforced and re-enforced. The classroom code of conduct will be displayed for all to see. Parents are provided with these details at the initial parent/teacher meeting held in first term.

**SERIOUS CLASSROOM BEHAVIOUR DIFFICULTIES**

In all classrooms, if a child has deliberately chosen to break the class rules, in a **serious way**, e.g. dangerous behaviour, insolence, outright defiance, refusal to co-operate, a Behaviour Journal will be filled-in. This is then sent home for the parents to respond to and sign and return to the school. The class teacher will follow up the following day with the student, contacting parents by telephone if the response sheet is not returned.

In a case where a child is endangering him/herself or others, or exhibiting open defiance, the Principal or Assistant Principal may contact the parents directly to advise them of the situation and to make suitable arrangements in the best interests of the child and the other children in the school.

For disciplinary purposes, the Principal may withdraw a child from class to work in isolation. Suspension of students will apply in **extreme cases**, in accordance with Catholic Education Office Policy *(Handbook for Catholic Schools, 5.2.1.)*

**CANTEEN**
The school Canteen is regarded as an extension of the health education lessons taken in the classroom where the children are instructed about the importance of a balanced diet and learn about the foods they need to eat in order to remain fit and healthy. With this in mind the canteen menu includes only food that has sound nutritional value. The Canteen is open each day Monday, Wednesday and Friday – Recess and Lunchtime.

A roster of voluntary parents operates to help the Canteen Manager, Ms Toni Darch, and is published fortnightly in the Newsletter.
The lunch order should be written on the front of a lunch bag, with the child’s name and room number shown. The children place these orders in the morning between 8.20am and 8.40am and class monitors collect them and take them to the Canteen.

**EXCURSIONS/INCURSIONS**

Excursions play a major part in the school programme. The excursion/incursion levy is included in school fees.

**ASSEMBLIES**

During the year, as part of our school focus on encouraging the development of each child there will be increased opportunities for classes to lead and contribute to whole school assemblies. All Assemblies will be held on **WEDNESDAY AFTERNOONS AT 2.15 PM**. Parents are invited to attend Assemblies. A roster of contributing classes will be outlined in the Newsletter each week.

**ILLNESS AT SCHOOL**

Procedures to be followed by teachers in contacting parents in case of children’s illnesses are noted on enrolment forms. Parents are asked to keep this information up to date and to supply full written instructions for treatment or children with chronic conditions or allergies, or the administration of medicine.

**ADMINISTRATION OF MEDICATION TO STUDENTS**

As a result of the increased number of children in schools being prescribed medications on a long and short-term basis, the educational, medical and legal authorities have been updating their recommendations on practices and procedures for administration of medication in schools.

In line with the Catholic Education Office policy, all decisions regarding the storage and administration of medication will be the responsibility of the Principal. The following guidelines have been taken into account to help the Principal to formulate a policy.

1. Approval for school staff to administer medication or supervise the administration of medication by students, along with the safe storage of all medication, is the responsibility of the Principal.

2. Where an agreement has been reached between the Principal, parents/guardians and the school staff, the school staff may administer or supervise the administration of the medication by the student.

3. The degree of assistance offered by the school for students who require medication will depend on:
   - the ability of the school staff to meet the particular medical needs of the student
   - the contribution toward care that may be provided by the student (as in self-administering), parents/guardians, school staff and other community assistance organisations
   - the degree of specialist skills and training required by the school staff to meet the particular medical and health care needs of the student

4. It should also be recognised that:
• Some students have a need to access medication on a regular basis for medical conditions.
• The presence of various quantities of drugs within the school may cause problems and needs to be monitored.
• Assistance that can be offered by staff will be limited to their knowledge, skill and resources.
• All information should be treated in a confidential manner.

POLICY
1. Non-prescriptive pain suppressants (aspirin, paracetamol, etc.) will not be administered to students by staff without the written permission of the student’s parent/guardian. (The parent/guardian is responsible for the supply of any medication).

2. Prescribed Medication
The misuse of prescribed medication can place the user in serious and in some instances, in a life-threatening situation.

Please Note:
• Parents/guardians must provide written authority for school staff to administer the prescribed medication.
• Parents/guardians are responsible for advising the Principal, in writing, of any specific requirements when administering the medication. This should include details from the medical practitioner regarding the circumstances for use.
• School staff are only to administer medication in accordance with the medical practitioner’s instructions.
• The Principal must ensure that a student’s medical condition and the medication for that condition is brought to the attention of all staff who have the student under their care.
• Bulk quantities of medication will not be left on the school premises and all medication will be removed from the school premises at the end of each term.

3. Storage of Medication
The prescribed medication will be stored at the school office OR in the case of the Early Childhood Centre, in their classrooms, and access will be restricted to authorized personnel. All medication must be appropriately packaged, clearly show the name of the medication, student’s name, dosage and frequency of the dosage.

It should be noted that it is the parent/guardian’s responsibility to ensure that all medication is labeled correctly, is not out of date and sufficient quantities are supplied for the student’s needs.

Students are not to carry medication around in their pockets OR leave medication in their bags or desks because of the likelihood of other children having access to the medication.

In many cases, depending on the age/awareness factors and with parent’s permission, children will be allowed to self-administer but in the presence of a staff member. This is particularly appropriate with ‘puffers’ for asthmatics.
4. Records
Christ the King School will maintain the appropriate documentation and store it safely until the student’s 25th birthday.

CONTAGIOUS DISEASES
In the interest of the health of all children, there are some diseases which require that affected children are excluded from school. In none of these common diseases is it necessary for contacts (e.g. brothers, sisters, playmates, etc.) to be excluded from school unless they show signs of the disease. Any doubt should be referred to a General Practitioner.

Common diseases or conditions which require exclusion from classes are as follows:
- Chicken pox
- Measles
- Head Lice
- School Sores (Impetigo)
- Mumps
- Ringworm
- Rubella (German Measles)
- Whooping Cough
